# Local Impact

# Microsoft in Education

**We are committed to the Kingdom of Bahrain dedicated vision on Education Reform**

To-date and through our different training programs we have reached over 5000 educators and 15,000 students in the Kingdom of Bahrain with specialized programs with the intention of digital inclusion and sparking the ethos of innovation in the education transformation journey

## 5,000 teachers

Enabled through training, Office technologies, regional and world wide event presence.

## 15,000 Students

Enabled with digital education, trainings and technology awareness and exposure to eEntrepreneurship and innovation.

In 2015, Microsoft Bahrain had the honor of hosting the Imagine Cup Pan Arab Finals in Manama under the Royal Patronage of HRH Prince Salman Bin Hamad Al Khalifa, the Crowne Prince. This is a huge testament of our commitment to innovation and to Bahrain. we have a strong believe in the capabilities of our Bahraini youth and this has been manifested year after year through:

# Microsoft ImagineCup 2015

The increasingly high number of participants in the competition on annual basis to date and across the past few years we have seen over (3000 student participations from Bahrain alone) highest among GCC and among the highest in the middle east region.

The quality of this participation is reflective of the national commitment to youth and innovation. In 2014 a Bahraini Participant was crowned with the WW third place winner title under the innovation category bringing Bahrain and the Arab World's name very visible in one of the toughest competitions for technologists at the Global level.

# Entrepreneurship and Innovation

We continue to support innovation as a key pillar for Growth and Economic Development

## Accelerators: Flat6Labs & CH9

Regional accelerators to Promote entrepreneurship opportunities for IT oriented technical start-ups in the Kingdom of Bahrain.

## BizSpark

Dedicated MSFT program that offers technology Startups - Free software, services, technology support and up to 150K per year Azure subscription on the Cloud (40 YTD).

## Technopreneurs

Microsoft is strategically partnering with the Bahrain Development Bank and iGA on the TechnoPreneur providing software and technology know-how to the program participants.

# build YOUR business

أسس عمك الخاص: برنامج تدريبي لتطوير الريادة والأعمال التجارية الصغيرة

We worked very closely with Tamkeen, BTECH and other partners to bring our Build Your Business curriculum to a set of qualified trainers who are then able to reach out through their organizations to thousands of Bahraini Startups . To date over 50 master trainers were certified impacting not less than 3000 national startups.

# DigiGirlz

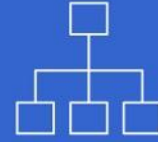

Among the programs we bring to Bahrain annually is the DigiGirlz Camp that inspires female students to actively seek a career in information technology by subjecting them to a set of local and regional role models/female success stories in IT.

# Software Donations and Monetary Grants

\$200,000 USD in  
Software and Cash  
Grants to eligible  
Bahraini Non Profits

# Empowering the Modern Nonprofit

Microsoft's suite of cloud services enables nonprofits to achieve their missions with greater intelligence, agility and efficiency on a scalable and trusted cloud platform.

Five pillars empower the modern nonprofit to increase impact while constantly innovating from the office to the field.

**Communication**

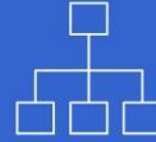

**Mobility**

**Intelligence**

**Trust**

**Efficiency**

WORKSHOP TODAY

4pm to 6pm

Empowering the **modern  
nonprofit**

Philanthropies

Thank you!
