**The Reality of the Volunteering in the Kingdom of Saudi Arabia and the
Expected Role of Media for its Development**

Dr. Mohammad A. Mzaheri
Co-Researcher at Research and studies Center
of Al-Madinah Al-Munawwah

ABSTRACT: In the beginning, the Research defines the Volunteering: its Fundamentals and its Fields. Then mentions some of its Psychological and Social Benefits.

The Research then reviews The Reality of the Volunteering in the Kingdom, and criticizes its Negative Sides, and mentions the Reasons of these Negative Sides.

After that, it suggests the Expected Role of Media for Development of the Volunteering in the Charities, for the sake of bringing over of the Volunteers, and to keep their cooperating with the Charities.

Finally, the Research reviews the Epilogue, what includes Most Important Findings and Recommendations, like:

- The Volunteering has Two Forms: Supervisory Form and Executive Form. But the Most of Volunteering in the Kingdom of Saudi Arabia is existing in the Supervisory Form.
- The Basis Reason what hinders the Development of the Volunteering, is the Supervisory Form's Individuality and Extemporaneous Decisions.
- The Mass Media has to give More Care and Interest in the Volunteering and to take Part in its Development.
- The Media Sections in the Charities has to cooperate with the Mass Media in the Country.
